

Feedback from recent Allegra Consulting Educational and Networking Event, October 22, 2014

It was rewarding to hear some of the great feedback from the group who attended the Allegra Event. If you haven't attended one of our networking events before, here a few comments about the night:

I was among the audience at the Allegra event last night and found Caroline Mills' presentation inspirational but more importantly for me personally, 'affirming' in that I truly am in the right business. Thanks.

Anna Bouchier, Senior Change Analyst, Superpartners

Congratulations on hosting a great night - I'm already looking forward to the next one! I've never been a fan of 'networking' events, but you've really managed to strike a great balance and created a very enjoyable evening.

Teesha Melville, Sensis

To the Allegra and Gordian team, I would like to thank you for organising an excellent event on Wednesday night. The presenters/panel members were very well balanced and they all reinforced my experience while highlighting some forward thinking, reminding me of few key points and providing some takeaway food for thought... I look forward to the next one!

Karen Goldspink, Senior Change Manager EPMO Victorian Work Cover Authority

I'd like to congratulate Allegra Consulting for providing Change Practitioners across Melbourne with the opportunity to listen, question and mingle with three highly experienced Change Professionals. These Change Professionals were all very engaging and each had a 'story to tell' with regards to their experiences (insights and challenges) of working in the Change Management field. This was a well-organised and well-patronised event as Change Practitioners from across multiple industries and companies were given the opportunity to network, share ideas and enhance their support base. There were a number of key points raised during the night; with resilience almost being a mandatory pre-requisite for working as a Change Practitioner, but also questioning if it's time for Change Practitioners to evolve into 'Transformational Managers' - let's hope the next Allegra Consulting event is not too far away so we can measure the progress!

Sharron Bourke, Change Lead, Sensis

What a fantastic night it was the other night!!! I am REALLY impressed with the events that Allegra host. Last year's was just as great!

Warm regards,

Raechelle McLean, Change Manager, NAB

The recent Allegra Consulting event on Change Management Methodologies was insightful and thought provoking. Not only did we hear the collective wisdom of the guest speakers, but the ensuing discussions about the future left me with the need to have more conversations with the many new connections I made. Thank you Allegra Consulting for running these sessions.

Jude Horrill

Just a brief note to say thanks for the invite to the Allegra event last night. It was great to be in the company of so many like-minded individuals who really "get" the concept of change and transformation.

The speakers were excellent, covering a broad range of relevant topics, and the presentations were delivered in an engaging manner. It was also great to catch up with some ex-colleagues and get to know some new contacts in the change community. In summary, an excellent event, covering very relevant material and in a great location. Thanks again.

Andy Langridge, Business Support and Improvement, Telstra

I wanted to pass on my thanks for putting on this year's change management event. I found it truly thought provoking and especially valuable.

Lena, Ian and Caroline demonstrated their deep knowledge of the discipline and offered insights that can only come with vast experience.

I'm looking forward to the next one!

Wendy Urquia, MEDIBANK
